

# Thursday Memorandum

## September 12, 2013

August 31, 2013 was Dr. Maria Montessori's Birthday! She would have been 143 years old! She told her teachers in training... "you yourselves, must be filled with awe and wonder".

We are so excited about our ancillary class program. Our school invests approximately \$56.00 a month per child to cover the cost of these classes and teachers because we really believe in the value of these experiences for your children. Pictures will be posted on our Facebook page.

*Check out the candid shots below!*

Georgia's Farm to Market caters organic school lunch daily. If packing a lunch is difficult for your family, you may sign-up for the lunch program. Menus are available at the front office.

### Register for The Montessori Journey - September 17th!

This journey provides an opportunity for you to explore the entire continuum of the school and experience firsthand, just like your children, the amazing things that our authentic Montessori program has to offer. Don't miss this wonderful session! Register at the front desk. Babysitting will be provided at \$6.00 per child.

**A BIG THANK YOU** goes to the families that attended the **Welcome Back Coffee** last Friday - September 6th!

Innovative families that attended the Systematic Training for Effective Parenting course last weekend discovered new skills on how to raise well-adjusted, caring children who make responsible choices without yelling, bribing, nagging, rewarding or punishing. STEP is a nationally acclaimed method that shows parents how to raise cooperative, happy children. If you missed the complimentary course offered at Innovative, you can attend similar classes at DePelchin or ESCAPE training centers. Course fees there range between \$65.00 - \$70.00 per session.

Pictures from August 22, 2013 Family Pizza Night!
